Rich, two things...

1) Can you send to Tito over the weekend an electronic copy of each of the documents which are listed for inclusion in the Admin Record for the Dimock Action Memo. I wasn't planning on sending them but Tito called me and suggested we do so as he's anticipating people will want to see them. HQ is going to initiate a review of the entire AM package over the weekend.

2) Craig Sautner sends his apology via Mick Kulik for yelling at you last week. A group of the Dimock folks showed up at the building today to protest and somehow got into the lobby. So Bill Early and Mick went down to talk to them and then ended up having a meeting with Sautner. The meeting went well, everyone was orderly and respectful. Sautner specifically asked for you and told Mick he wanted to apologize as he felt back about yelling at you. Despite the rhetoric Bill and Mick sensed that folks were glad that EPA was at least in Dimock trying to do things.

Hopefully, you'll get a little rest this weekend. I'll connect if we have stuff to do with HQ to help with their review.

Again I appreciate you patience this week. Thanks, den.
